## SUMMARY

Bachelor of Science in Information Technology graduate with experience in web and mobile application development, technical support, inventory management, and sales operations. Skilled in troubleshooting, system maintenance, and customer service, with the ability to quickly identify and resolve technical issues while ensuring smooth system performance.

Experienced as a Receiving and Tech Sales Associate at Ultrium Corporation, where I handled inventory management, supported sales operations, and provided technical assistance to customers and internal teams. Strong in multitasking, problem-solving, and delivering efficient support in both technical and operational environments.
